NATXO FRISUELOS

“ART IS, ABOVE ALL, EMOTION, FEELING AND SPIRITUALLY”

He is one of Mallorca's most internationally renowned contemporary artists. His work, which fits into what the author terms the New Figurative Movement, is a combination of imagination and ingenuity that aims to make his audiences question themselves. He has exhibited in cities across the world, including Shanghai, Miami, Seoul, and Cologne. Natxo Frisuelos [Palma de Mallorca, 1976] met us in his Portals workshop to talk about his work and his career.
